## 29.5. Installation Methods of Hardwares

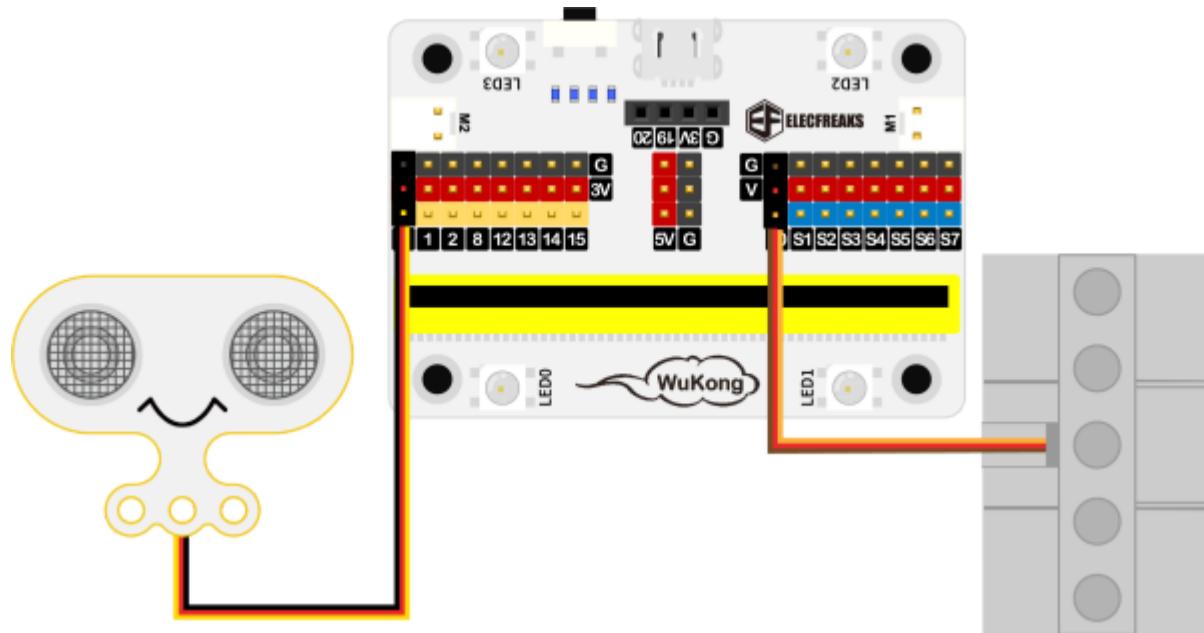

Install the sonar:bit with the bricks.

### Sensor Connection Diagram

## 29.6. Hardware Connection

Connect a [servo](#) to S0 and a [sonar:bit](#) to P0 port on [Wukong breakout board](#).

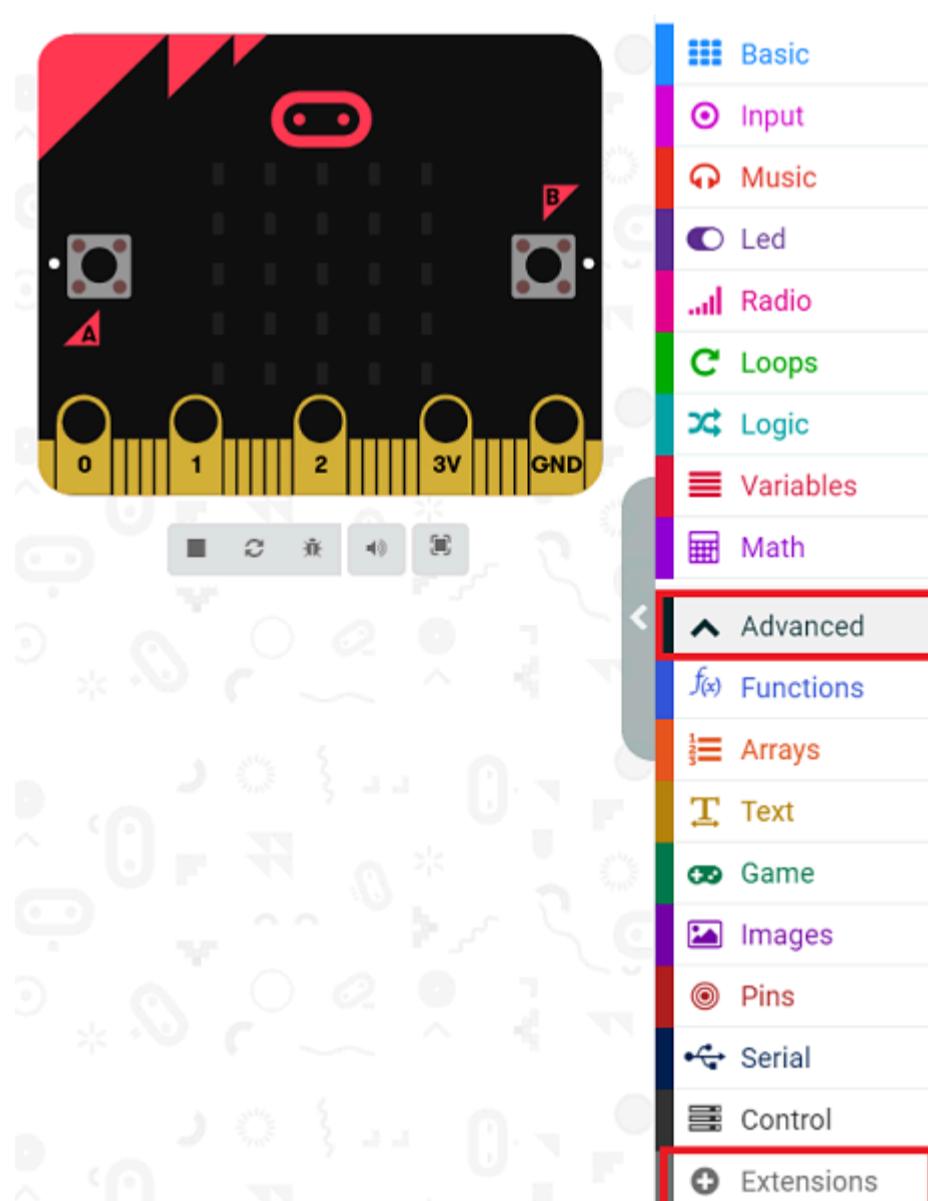

## 29.7. Software Platform

[MakeCode](#)

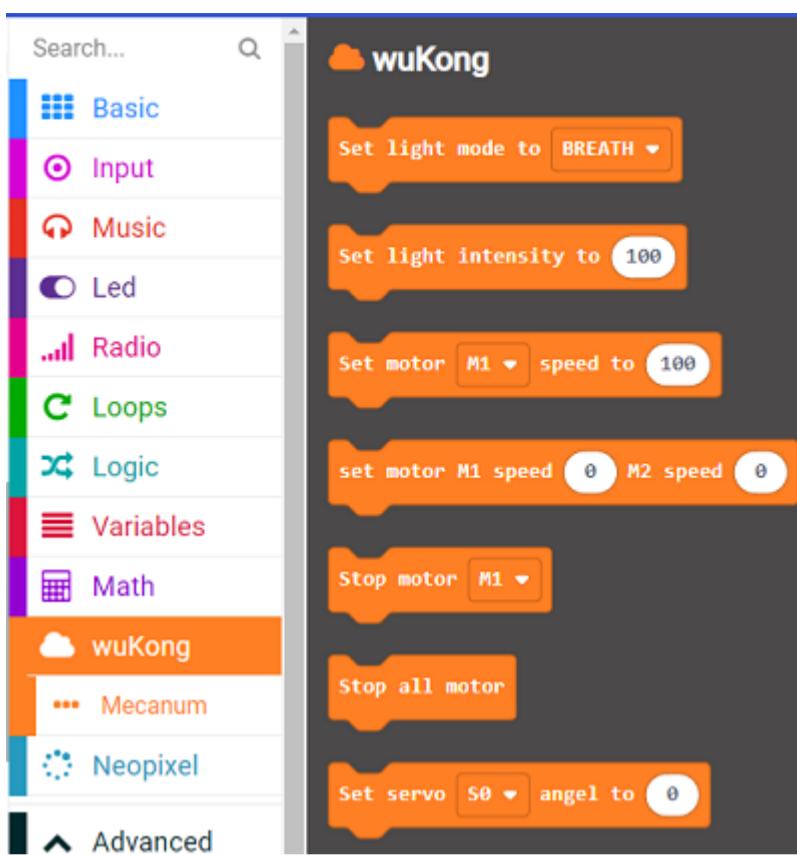

## 29.8. Coding

### Add extensions

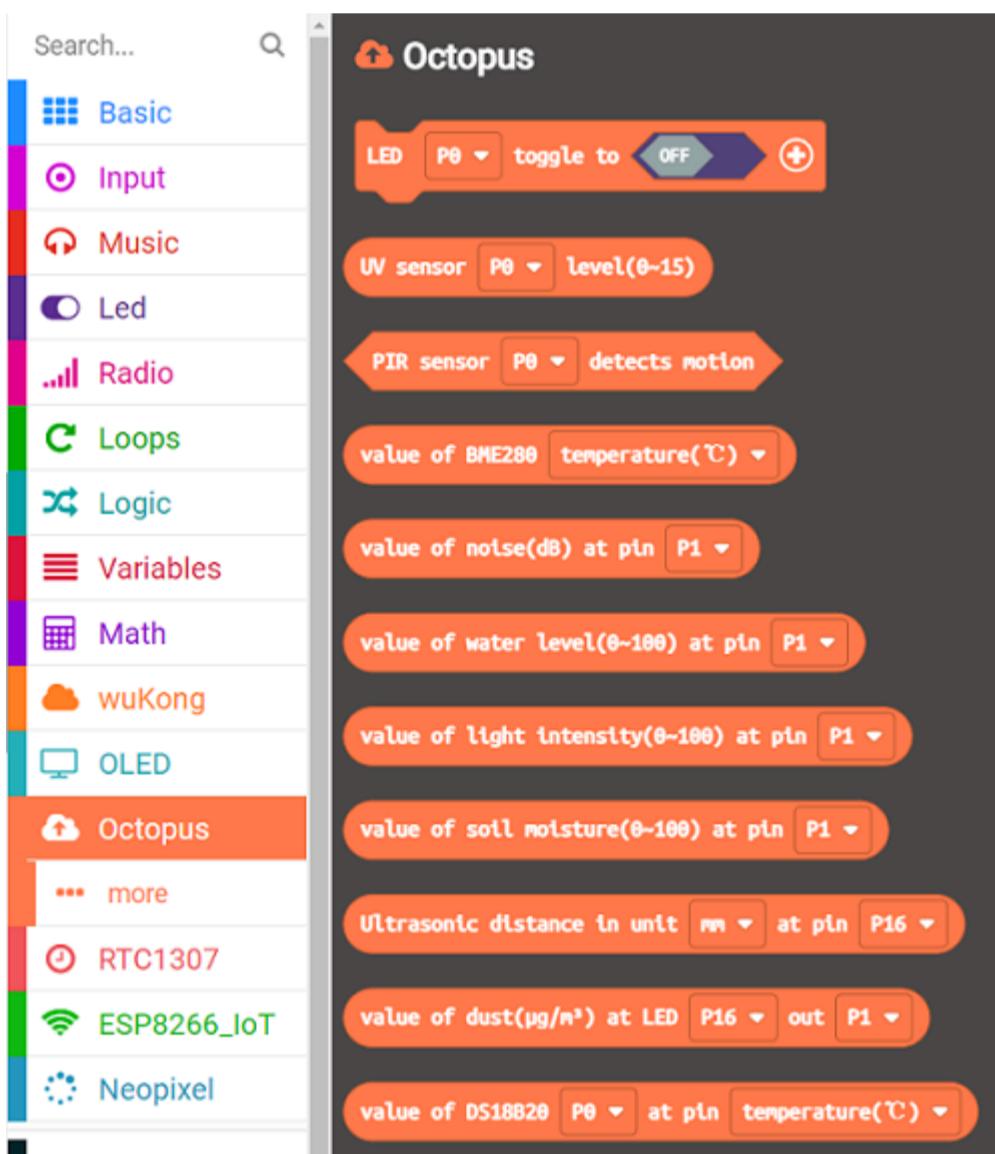

Click “Advanced” in the MakeCode to see more choices.

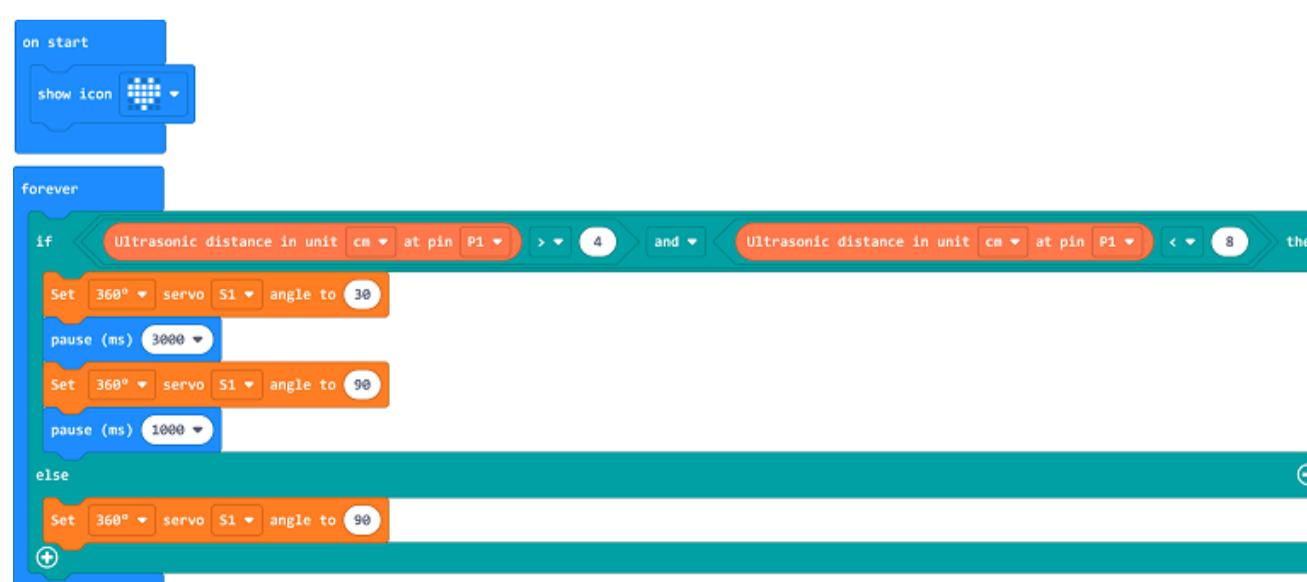

Search with Wukong in the dialogue box to download it.

Search with IOT:bit in the dialogue box to download it.

## Program

Link: [https://makecode.microbit.org/\\_XeMXzj7z3JFx](https://makecode.microbit.org/_XeMXzj7z3JFx)

## Result

When the micro:bit is powering on, it displays a heart icon, then the lid will automatically open when the ultrasonic sensor detects someone approaching, and it will automatically close after three seconds.
